

Copyright and data protection agreement: contributed audiovisual works

This form is for individuals granting permission for the use of audiovisual work(s), including video and/or audio recordings, on a programme of study at the University of Reading.

I hereby grant to the University a licence to edit, use and reproduce the contributed audiovisual work(s) – including any performance or original copyright work captured within such recordings – for the sole purpose of making the work(s) available to those students enrolled on the Programme identified, for educational purposes, online via a secure Virtual Learning Environment; and to authorise such reproduction as may be deemed necessary by the University to facilitate use of the contributed work(s) for the purposes hereby permitted.

I represent and agree that nothing in my contributed work(s) infringes the intellectual property or personal data rights of any third party and that all necessary permissions and/or consents have been obtained. I understand that the University may process (or authorise the processing of) the recording(s) for the permitted purposes in accordance with the University's public task and legitimate interests and that it is my responsibility to secure any relevant permissions and/or consents that will allow me to grant this licence. The University will not be held responsible for any individual's failure to obtain clearances prior to completion of this form.

To the extent that any video and/or audio recording contributed by me captures a qualifying performance under the Copyright, Designs and Patents Act 1988, I hereby authorise the University to make the recording available as above. For the avoidance of doubt, I further represent and agree that any third party performer having rights in such a recording has authorised the capture, copying and making available of their recorded performance by the University and that I can produce confirmation of all such permissions and/or consents on request.

I understand that this agreement in no way transfers or assigns ownership of copyright in my contributed works to the University.
